

## **Pharmacy Benefit Management - The Murky World of Pharmacy Benefit Management Transparency**

The Pharmacy Benefit Management environment has changed dramatically over the last several months. Opportunities exist for employers to improve on current pricing arrangements, but the evolving nature of PBM contract language makes this a difficult, and sometimes perilous, process. In this 50-minute session, experts from **Conrad Siegel Actuaries** will cover the functions of a PBM, how the current PBM marketplace operates, and prescription drug benefit plan strategies for cost-containment. Additionally, participants will explore rebate structures, contract language issues to consider, and points for consideration in evaluating a PBM.
